Sonu Sharma
Inspirational Speaker

I am very glad to know that Dr. Pradeep Bhardwaj, CEO & Medical Director, Six Sigma Star Healthcare (P) Ltd., New Delhi has taken the initiative to organize the Six Sigma Conference and Awards. Which, I am sure will go a long way in generating the much needed awareness amongst the persons involved in healthcare sector.

I wish the Conference and the Awards ceremony the very best and grand success.

Shri Narendra Modi

Six Sigma Star Healthcare (P) Ltd., New Delhi, India has been rated as India's 1st and world's 4th largest Healthcare Consultancy in the fields of Healthcare Operations & Management, Quality, Medico Legal and Medical Education. In the Healthcare sector, it has worked with over 328 hospitals and has successfully delivered over 2500 healthcare projects. Some of the institutions that Six Sigma Star Healthcare (P) Ltd. has been associated with are Fortis, Max, Gangaram Hospitals, IIM, Symbiosis, etc. In India, Six Sigma's geographic footprint covers 328 representatives in 42 cities of India.

It has carved out a niche for itself in healthcare consulting. It is the only healthcare Consultancy having a Healthcare Management Institute (Global Institute of Healthcare Management) conducting a wide range of educational programmes like Post Graduate Diploma & Doctorate and Certificate Courses in Healthcare Management, Nursing Admin., Healthcare Materials Management, Medico Legal Management and Six Sigma Green and Black Belt Certified Courses. All courses are in association with UGC Accredited Universities approved by AICTE & DEC. Six Sigma Star Healthcare (P) Ltd has taken a great lead in the Post Graduate Medical Education, Nursing and Para Medical Education in India, It is determined to be a catalyst and has a proactive approach for establishing a centre of excellence with empirical, applied and action oriented medical education and research programmes. It also brings out a periodic magazine "Six Sigma Healthcare" exclusively in the area of Healthcare Management which is well received in healthcare sector.

Six Sigma Star Healthcare (P) Ltd., Delhi understands its social responsibility to the community at large and its 'hinterland' in particular. It conducts well organized healthcare programmes in NCR & Delhi regularly. The voluntary initiative to send teams of doctors and para-medical staff to Kedarnath-Badrinath on the next day of the devastating natural calamity in mid 2013 and High Altitude Medical Services during Shri Amarnath Ji Yatra 2014, where it treated approximately 21000 people at Sheshnag (J&K) were its significant contributions. These acts were highly appreciated by the Governor of Uttarakhand and Governor of J&K respectively. In mid 2015, its voluntarily medical rescue operations at the epicentre of the devastating earthquake in Gorkha District of Nepal where it treated approximately 2000 victims of earthquake were appreciated not only by Govt. of India but by the

authorities on Nepal. Its team's efforts in providing free voluntary medical services during Manimahesh Yatra in Sep 2015 and 2016 have been another feather in its cap.

Healthcare sector is one of the most important service sectors but ironically all its stakeholders do not get the desired recognition. There are highly professionally qualified, experienced and dedicated individuals and institutions which have made tremendous contribution to this sector. It is rarely, if ever, that special achievements and contribution of individuals and institutions in healthcare industry who have been torchbearers of "excellence, ethics, professionalism, and leadership in healthcare" are recognized formally. There is no known agency, which has provided the desired recognition to them. Six Sigma Star Healthcare (P) Ltd had decided to recognize the special efforts and sustained contributions of such individuals and institutions; and therefore, had constituted Six Sigma Healthcare Excellence Awards: 2015 – "Oscars of Indian Healthcare". The 1st Award function for twenty categories was held on 5th October 2013 at Mt Abu, Rajasthan. This event was held after an International Conference on the previous day on the subject of "Power of Six Sigma in Hospital & Healthcare Management". The 2nd Function was held on 26th December 2015 at Hotel The Leela Ambience, Delhi NCR, Gurgaon, India, on the subject of World Entrepreneurship Summit- "Leaders Who Inspire Healthcare"

This year, Team Six Sigma is proud to organize Six Sigma Leadership Summit 2026 – "Leaders who inspire" bringing together all major hospital stakeholders: Government Officials, CEOs, VP and Directors of the all Sector from leading public/private organizations, academia, NGOs, industrialists and entrepreneurs of repute during its thought provoking sessions. It has also planned to honour the accomplishments of individuals and organizations under various categories with Six Sigma Excellence Awards 2026 at a ceremony on 25th April, 2026 during the Six Sigma Leadership Summit 2026. It is a measure of the value, respect and credibility of Six Sigma Excellence Awards 2026 from the stakeholders that we had to almost double the categories of Awards this year.

Healthcare management is changing dramatically. The landscape has shifted in countless ways, requiring healthcare leaders to engage with different perspectives, insights and knowledge. This summit on Healthcare Leadership offers endless possibilities and unlimited opportunities to collaborate and "think outside of the box," and to help leaders understand and prepare for the myriad challenges awaiting them inside a transformative healthcare environment.

Healthcare leaders from around the world convene at Summit to:

- Access cutting-edge professional development from the nation's top leaders
- Network with their peers and colleagues from around the globe
- Learn innovative solutions that will transform their organizations
- Tap into the latest tools and techniques designed to enhance their careers

Six Sigma Healthcare Leadership Summit is a one day event. It's an opportunity to network with healthcare professionals and your peers from around the world, learn how different organizations are benefiting from connected care, and what you can do to solve your most urgent healthcare challenges

Dr. Pradeep Bhardwaj

CEO
Six Sigma Star Healthcare (P) Ltd.
New Delhi

High Altitude Medical Services

Govt. of India
National e-Governance Awardees

On behalf of the SIX SIGMA STAR HEALTHCARE (P) LTD. I invite you to Six Sigma Healthcare Leadership Summit 2026 - “Leaders Who Inspire Healthcare” on 25th April, 2026 at Hotel Taj Palace, New Delhi, India. An excellent faculty of speakers will be addressing many contemporary and controversial issues in healthcare Leadership. The summit also includes a number of sessions designed to provide physicians, administrators and managers with information that will immediately impact their institution and practice. We look forward to your gracious presence and contribution in this Summit. We also invite you to attend Award Ceremony of Six Sigma Healthcare Excellence Awards 2026 scheduled to be held along the Summit on the same day. On behalf of the Organizing Committee, I assure you that every possible effort will be made to ensure that your participation in the events is meaningful, productive and memorable.
